

CRYSTAL BARR LPN, Lancaster Pediatrics

When I came to New Choices I was: stressed and working long hours at an extremely difficult job to try and make ends meet, and take care of my daughter.

The New Choices Program gave me: confidence and helped to keep me motivated when I was feeling overwhelmed. I always had someone to talk to when I felt like there was no one available. New Choices gave me the support to prevent me from dropping out of school. I was able to graduate nursing school with the highest academic average of the class! Without Trish and the program, I don't think I would have finished. I was able to stay focused and felt like I had somebody who supported me and wanted to see me succeed by helping achieve my goals.

Today I am: working full time as a LPN at Lancaster Pediatrics.
