Case Worker, Office of the Aging

When I came to new Choices I was: sad, empty, lonely, and felt lost and need of direction.

The New Choices Program gave me: hope and direction. I was given lots of information, guidance, and people who would listen to me with unconditional love. The program helped to pave the way to my education. I felt richer, fuller, had more opportunities, and self esteem.

Today I am: happy. I am a successful graduate with a B.A in Social Work.
