

Eliza Colon

LPN, Southeast Lancaster Health Services

The choice to do the New Choices program was the best decision I could have made. Entering the program, I did not know what to expect, but the program changed my life. I learned about myself and life itself. The program taught me how to understand my inner feelings and who I was as an individual. I gained the strength to believe in myself and move forward. I learned that I can and will succeed. I went back to school and finished my Licensed Practical Nursing (LPN) training. Now, I work full-time as an LPN at Southeast Lancaster Health Services. I am excited and hopeful for the future. Failure is no longer a fear, and it is no longer an option in my life!
